Infinity Safeguarding Principles

At Infinity Academies Trust we are committed to safeguarding children. All adults employed by the Trust take all welfare concerns seriously and encourage children and young people to talk to us about anything that worries them. The welfare of the child is paramount, and we will always act in the child's best interests. All children regardless of age, gender, culture, language, race, ability, sexual identity or religion have equal rights to protection, safeguarding and opportunities.

As a staff we commit to the following Infinity Safeguarding Principles:

1. **EMPOWER** all staff to support children in staying safe through a caring environment and a well-planned curriculum
2. Maintain an attitude of 'it could happen here' and take **PROACTIVE** action to stop maltreatment before it occurs
3. To know how to spot concerns and act in a timely and proportionate way to **PROTECT** children regardless of background or circumstance
4. To work in **PARTNERSHIP** with other organisations and the local community to keep children and families safe
5. Everyone is **ACCOUNTABLE** and has responsibility for the safeguarding and welfare of children

Collectively, we will work together to safeguard children ensuring all systems, processes and policies operate with the best interests of children and learners at their core. Positive behaviour is promoted consistently and the physical environment for children is safe and secure, protecting them from harm or risk of harm.
